## EXPERIENCE

### Tech Specialist

QA Ltd

June 2022 – Present

- Designed and developed a cinema web application that enables the user to register/login and book cinema tickets to a movie from a vast selection.
- As a Scrum Master, I guided my team to deliver the sprint goal(s), as well as held daily meetings where we discussed progress and obstacles that may impede meeting goal(s).

### Software Development Trainee

QA Ltd

January 2022 – March 2022

- Designed and built a complete web application that enables the user to create/read/update and delete Notes.
- Designed and developed a scraper in Python that collected raw data from a provided website and saved its contents in a folder.

### Associate Practitioner – Microbiology (Virology, COVID-19)

St George's University Hospitals NHS Trust

August 2021 – December 2021.

- Supervised and trained Biomedical Support Workers; contributed to the efficient and effective running of the virology department.
